

## NZ Registered Triumphs

### Numbers of Triumph Cars Registered in New Zealand for 1999:

Approximately TEN THOUSAND (in a country of 3.7 million)

We were pleasantly surprised to discover that there are approximately 10,000 Triumph Cars still registered on New Zealand roads today. Source: Land Transport Safety Authority.

Please note: due to significant discrepancies in the original database, it was not possible to determine the exact model type in many of the entries. Therefore some of these models come under 'Miscellaneous' while others we can only speculate as to their true identity! This is a guide only.

#### VINTAGE

Scorpion: 1

7: 1
